Security patch

Android security patch updated :

2025-09-05

<https://source.android.google.cn/docs/security/bulletin/2025-09-01?hl=zh-cn>

2025-08-05

<https://source.android.google.cn/docs/security/bulletin/2025-08-01?hl=zh-cn>

2025-07-05

<https://source.android.google.cn/docs/security/bulletin/2025-07-01?hl=zh-cn>

New features

1. Add broadcast receiver to retrieve WiFi MAC address and Device ID
2. Integrate code to add bq27z561 battery ID reading
3. Add configuration entry for Mode A and 5G Slicing ID in device info page
4. Keep screen awake when device is powered on and charging via cradle; support manual screen off by power key

Resolved issues

1. Disable status bar pull-down when screen is not locked; display full-screen incoming call UI
2. Optimize screensaver trigger logic: screensaver of charging mode only activates under charging state
3. OSUpdate module upgraded to V2.0.25
4. "New broadcast interface for volume control, version v13.3.10.20251023
5. Action:ubx.intent.action.SET_STREAM_VOLUMEExtras: volume (volume value), type (audio stream type)"

Known issues

1. System notification "Charging via USB" pops up in OTG wired connection scenario.
2. The screensaver mode selection setting does not take effect.
